

Dear Sir or Madam:

I understand there is a new broadcast service known as Low Power FM, that could possibly expand its service to take priority over the current FM translator service. I personally listen to K-LOVE on FM frequency for most of the day. K-LOVE serves the residents of this community and the surrounding areas. I live 50 miles from Oklahoma City, and I am still able to listen to this great station. K-LOVE is plays very uplifting music and keeps the Christian community in this area informed. I believe that the service provided by K-LOVE is in the public interest. They have pastors on staff to help pray for those in need, for the hurting people of this community. In fact, K-LOVE serves many communities in the United States. Please do not leave our communities without a K-LOVE signal. It would be devastating to me and to many others. Thank you for your time and consideration in this matter.

Sincerely,
Anna M. Hunter
